The Scenarios

1. You're giving a presentation on leading figures of African descent and a student shouts "Bobby" when you get to a picture of Martin Luther King. What do you do?
2. You were invited to play a volleyball match yesterday evening. You've just played the match, and your team lost. A teammate comes to you and says, "We were depending on ***you*** to win this match. What happened?" What do you do?
3. You're walking down the hall and you see a bunch of students. One of the female students comes up to you as if to say hello. Instead, she grabs your breast and asks what size? What do you do?
4. You are of African descent but you look Caucasian and you constantly have to "prove" that you are of African descent even among fellow JETs. So, while you're giving your self-introduction, your JTE stops you and says, "But Caucasians come from Europe." What do you do?

Just a reminder…No matter what, BE POSITIVE!
